This afternoon I contacted Senator John Stennis pursuant to his request and was accompanied by Mr. Gale. Senator Stennis advised that he was concerned with the Department's delay in answering his request for certain information concerning any possible hoodlum connections that Senator Long or Long's clients may have had as reflected in the files of the Department of Justice. He advised he had been in contact in the last couple of weeks with Assistant Attorney General Fred Vinson on several occasions but has not received any satisfaction to date from Vinson.

Senator Stennis advised he was interested in knowing the procedural aspects of how information was furnished from the FBI to the Department of Justice. He was informed that the FBI submitted reports and other documents to the Department concerning various matters and that all information concerning Senator Long and any of his clients or other individuals whose names were mentioned in the Senator's letter had been completely furnished to the Department. He was advised that the Bureau had never made an investigation of Senator Long.

He was advised that we had just received a letter from the Department indicating that their filing procedures were so deficient that they could not locate the information which had been furnished them by the Bureau, it being noted that they do not index names in the body of a report but merely index the main title. He was advised that we got this letter three weeks after we had previously told them they had all the information in their files; that apparently they had spent three weeks thrashing around trying to find it and because of their poor

# Georgian Picked for Leak Probe

By Walter Taylor  
Washington Star Staff Writer

An associate in one of the largest law firms in Atlanta, Ga., has been selected as chief counsel in the investigation of the House intelligence committee report leak.

C.B. Rogers, 45, a member of the Atlanta firm of Powell, Goldstein, Frazer, and Murphy, has agreed to take the post, subject to final approval by the House ethics committee, which is conducting the investigation.

In a telephone interview from his Atlanta home last night, Rogers characterized as "premature" the suggestion that he already has secured the post as chief counsel of the House-ordered probe. However, he acknowledged that he will meet with members of the ethics committee Tuesday, at which time his appointment is expected to be finalized.

"I'D BE HONORED to (accept the position), but there's been no contract signed and no agreement by the committee so I believe it would be premature to discuss the matter."

In addition to Rogers' appointment, it has been learned that the ethics panel plans to make general use of the Powell, Goldstein firm for legal advice in the investigation.

If, as expected, Rogers' appointment is approved by the panel this week, he would become the second Georgian to accept a key assignment in the investigation. Last week, David W. Bowers, a retired 25-year FBI veteran and a native Georgian, was named chief investigator in the probe.

BOTH MEN WERE selected by ethics committee Chairman John J. Flynt Jr., D-Ga., whose district includes portions of the Atlanta suburbs. Flynt reportedly was in his district last night and could not be reached for comment.

Information was sparse on Rogers' background or political affiliations, if any.

A brief biography in the Martindale-Hubbell Law Directory, a reliable reference guide to attorneys and law firms, indicated that Rogers is engaged in general practice with Powell and Goldstein. He received baccalaureate and law degrees from Emory University in Atlanta and has been an instructor at the university's school of law since 1968, according to the biography.

According to Martindale-Hubbell, Rogers' law firm is one of the largest in Atlanta and is engaged in general civil practice.

Pursuant to a request by Senator John Stennis, Chairman of the captioned committee, to the Department for information connecting Senator Edward V. Long with La Cosa Nostra or other elements of the underworld, in addition to information on certain of Senator Long's "clients" from whom he reportedly received legal fees, the Department requested information from the Bureau to assist in response to Senator Stennis.

After an extensive file review concerning this matter, the Attorney General was advised by memorandum of January 3, 1968, that FBI files reveal no information directly connecting Senator Long with the leadership of La Cosa Nostra or other top racket figures. The Attorney General was also advised that a review of data regarding the "clients" identified in Senator Stennis' inquiry and the names appearing on a subsequent list which the committee had furnished to the Department revealed that all information within the scope of Senator Stennis' inquiry had previously been furnished to the Department.

By memorandum of January 24, 1968, from Assistant Attorney General Vinson, the Department has advised that they cannot locate information on a number of firms and individuals of interest in the committee's inquiry, due to the Department's deficient indexing procedures, and request our assistance regarding 14 such individuals and firms. Also, by memorandum from Assistant Attorney General Vinson, dated January 26, 1968, the Department has furnished a summary of information gathered from FBI material in Departmental files pertaining to Senator Stennis' inquiry. Department notes that the summary will be furnished to the Senate Committee if no additional information is available at the Bureau which should also be added. Vinson again refers to the Department's deficiency in indexing and states that because of this the Department cannot use the results of their search in Departmental files as the sole basis for a "proper response" to the committee. He then requests that we check our files for any additional information which the Bureau might possess on individuals or businesses covered in their summary.

Vinson's latter memorandum also states that the above-mentioned summary is being furnished to the Bureau for examination to determine whether it contains any information which should not be disclosed to the Senate Committee. He notes that the source of information and the nature of the source, for example, electronic surveillance, is relevant to their decision. In reply, we are advising the Attorney General that the Bureau will defer to the Department's judgment whether any information in question should be furnished to the committee, particularly in view of the fact that Senator Stennis' letter of inquiry in this matter was addressed to the Attorney General. In this regard, the Attorney General is being advised that none of the information of pertinence to this inquiry to which his attention is being directed has emanated from electronic surveillance.

A review of the summary attached with Vinson's memorandum indicates that they have set forth substantially the same information contained in our files concerning the Associated Life Insurance Company, its President, David C. Trager, and Max Lubin, reportedly listed by Senator Long as "clients," concerning whom he had "shared" legal fees with St. Louis attorney, Morris Shenker. Their summary also sets forth information we need not add to concerning John Varelli, a Chicago hoodlum who was once listed as "Man of the Month" by the Associated Life Insurance Company of Chicago, and the Committee to Preserve American Freedom, a Detroit, Michigan, based operation which was formed for the announced purpose of combating encroachment on individuals' rights, particularly by Government

agencies. Officials of that committee concentrated on a claim that the jury-tampering conviction of Teamster President James R. Hoffa was an example of such alleged encroachment.

A review of FBI files in this matter reveals a number of additional references which are being called to the Attorney General's attention under the appropriate captions of reports and memoranda, which the Bureau has previously furnished to the Department. In this way the Department can review the material in question and make up their own minds as to the question of just how much or how little information they wish to include in their response to Senator Stennis' request. The most significant of the data which is being called to the Attorney General's attention, in point with Senator Stennis' inquiry, concerns information received from a former top echelon criminal informant, now deceased, who was a veteran member of La Cosa Nostra and a [redacted]

acquainted with Senator Long. As noted above, the Attorney General's attention is being directed to the report containing this information.

The remainder of the references being called to the Department's attention pertain to the involvement of various individuals listed by the captioned committee in criminal activities concerning cases in which the Department has previously been advised. In addition, certain of these references pertain to applicant-type investigations, the results of which have been furnished to the Department in the past.

Where a review of our files located no information of pertinence concerning individuals of interest in this inquiry, the Department is being so advised.

In our response, we are again emphasizing that the FBI has at no time investigated Senator Long or allegations raised in the "Life" magazine articles referred to in Senator Stennis' request.

REQUEST OF SELECT COMMITTEE  
ON STANDARDS AND CONDUCT  
UNITED STATES SENATE

Reference is made to memoranda of Mr. Fred M. Vinson, Jr. Assistant Attorney General, Criminal Division, dated January 24, 1968, and January 26, 1968, regarding the captioned inquiry.

Information regarding the R. L. Warren Company, St. Louis, Missouri, has been included in reports furnished to the Department in connection with an extensive investigation of allegations of violation of the Welfare and Pension Plans Disclosure Act involving Local 562 of the St. Louis Pipefitters Union, under the caption "Martin Tilden; et al, Welfare and Pension Plans Disclosure Act."

An article appearing in the August 20, 1967, edition of the "Washington Post and Times Herald," Washington, D. C., states that Frank H. Miller, son-in-law of Senator Edward V. Long, was made Chairman of the Board of the Guaranty Bank and Trust Company, Chicago, Illinois, which position was vacated by an acquaintance of Senator Long, New York lawyer-businessman, Roy M. Cohn. According to the newspaper article, Senator Long became socially acquainted with Cohn on March 2, 1965, when Cohn appeared before Senator Long's subcommittee in connection with the use of mail covers. The article further states that Miller also serves two rural banks owned by Senator Long in Canton, Missouri, and in Greenfield, Illinois.

With regard to the Guaranty Bank and Trust Company, Chicago, Illinois, this Bureau, by memorandum dated July 3, 1967, captioned "Possible Violation of the Bank Holding Company Act Involving Four Chicago Banks, Chicago, Illinois, FRA," requested the Criminal Division of the Department to advise whether any investigation was desired regarding facts set forth in the memorandum. By letter dated August 9, 1967, the Criminal Division advised that no investigation was desired at that time.

Hoffa in connection with the several investigations of Hoffa in which the Criminal Division of the Department has been intimately involved. As noted in Mr. Vinson's memorandum of December 12, 1967, in this matter, Departmental files contain information to handle the Hoffa aspect of this inquiry.

SPECIAL INVESTIGATIVE DIVISION

This involves Senator John Stennis' request to the Department for any information connecting Senator Edward V. Long with La Cosa Nostra or other leading racket elements and for available data on certain firms and individuals from whom Senator Long reportedly received legal fees. The Department referred the request to us, and after a review of the matter, the Attorney General was advised by memorandum January 3, 1968, that we located no information directly connecting Long with La Cosa Nostra or other top racket elements and that all other information within the scope of Senator Stennis' inquiry had previously been furnished to the Department.

Department now advises that they cannot locate information on a number of the firms and individuals in question, due to their deficient indexing procedures, and are requesting our assistance. We will review this matter and furnish the Department available information of pertinence to Senator Stennis' original request on the individuals and firms in question.

Attached is a summary of all pertinent information which we have been able to locate that is contained in FBI reports found within the Departmental files on those names attached to our December 12, 1967 memorandum. This summary will be furnished to the Senate Committee as now set forth if it meets with your approval and if there is no additional information available to the Bureau which should also be added. We have retained in our notes identification of the FBI reports from which the information in the summary was obtained and can make this available to you if it will be helpful.

Pursuant to paragraph A-2 and A-3 of the Attorney General's Order No. 116-56, we furnish this summary to you for your examination to determine whether it contains any information which should not be disclosed to the Senate Committee. The source of information and the nature of our informant (e.g. electronic surveillance) is relevant to this decision.

As was mentioned in our memorandum to you on January 24, 1968, the Department does not have an indexing system as complete as that maintained by the Bureau. Because we can not use our indexing system as the sole basis for a proper response to the Committee, we request that the Bureau check its indices for any additional information which the Bureau might possess on the individuals or businesses contained in the summary.

Additional review of the Department's files has failed to reveal any information from FBI reports on James Nangle and Bernard Melman, both attorneys from St. Louis. We, therefore, request that your indices also be reviewed to determine if the Bureau has any pertinent information on these men.

Because time is an important factor, we would appreciate a response as soon as possible.

Summary

Associated Life Insurance Company

Associated Life Insurance Company, Chicago, Illinois, was organized on April 17, 1958, as a stock legal reserve life insurance company under the provisions of Article 2 of the Illinois Insurance Code. A certificate of authority to write life, accident and health insurance was issued on July 22, 1958. Business was commenced with the capital of \$200,000 comprised of 200,000 shares having par value of \$1.00 per share and a surplus of \$100,000.

Effective August 1, 1958, the entire business of the Associated Hospital Services, Illinois, was reassured and assumed. Also on that date the company reinsured and assumed the entire business of the Illinois Life and Accident Insurance Company. Each of these agreements was approved by the Illinois Director of Insurance.

On December 15, 1959, an additional eleven thousand shares were issued at a price of \$4.50 per share. Of the amount realized \$38,500 went to surplus and \$11,000 to capital. The transaction was completed without a permit and the error was called to the attention of the Company officers who advised corrective measures would preclude repetition of the statutory violation.

David C. Trager is the President of Associated Life Insurance Company and in 1959 received \$36,000 per year. Morris M. Goldman is Chairman of the Board at a salary of \$36,000 in 1959. Alex E. Selwod was Vice President and Actuary in 1959 at a salary of \$4,800.

The Company is licensed to operate in Illinois and Indiana. The Company operates on an agency plan.

It is alleged that Ralph Prio, John Varelli and Ronnie English have had connections with Associated Life Insurance Company.

Associated Life Insurance Company published an undated leaflet entitled "Associated Life" which carried a photograph of John Varelli and described him as the "Man of the Month." It is stated that Varelli is a general agent and partner in the Bass-Lonero Associates, Inc., agency. The leaflet also includes a list of the other top ten salesmen which contains the names of Danny Lonero and Bill Bass of the Bass-Lonero Associates, Inc., 4750 North Broadway, Chicago, Illinois.

Max Lubin

Max Lubin was born on July 4, 1905 in St. Louis, Missouri. In 1964 he was connected with the American National Insurance Company at 6621 Dalmar Boulevard, University City, Missouri. In January of 1964 he, along with 14 others, allegedly purchased the physical property of the Dunes Hotel, Las Vegas, Nevada.

Also having offices at 6621 Dalmar Boulevard, St. Louis, Missouri, was Jack Molosky, also known as Jake Mogilossky, who was one of the other alleged purchasers of the physical property of the Dunes Hotel, Las Vegas, Nevada, in January, 1964. Jack Molosky is self employed as an investor. (Any relationship between Jack Molosky and Stanley Molosky, officer of Banner Industries, is unknown to us.)

In July of 1964 Max Lubin attempted to purchase the property of the failing Labor Discount Center, St. Louis, Missouri. The Center was finally closed in November, 1964, when a foreclosure suit was filed subsequent to an involuntary bankruptcy petition which was filed against the Center in July, 1964. In November, Max Lubin, along with two others, was a recipient of what the county police describe as "message bombings."

Morris Shenker

It was purported that Morris Shenker, a prominent St. Louis attorney who represents the Dunes Hotel in various legal matters, was scheduled to arrive in Las Vegas on July 9, 1965. Shenker was coming to Las Vegas in connection with the discussion to be held by Dunes' owners relative to the recent publicity release made by Major A. Riddle, a part owner of the Dunes, about harassment tactics of the Internal Revenue Service in interviewing high rollers. It was purported that all of the Dunes' owners were highly incensed at Riddle for his statement.

David C. Trager

David C. Trager was born December 18, 1909, in Russia. In 1966 he resided at 6200 North Kenmore, Chicago, Illinois, and his business address was 222 North Michigan Avenue. He was admitted to the Illinois Bar in 1934. In 1938 he formed, along with Morris Goldman, the Associated Hospital Service, Inc., a non-profit corporation specializing in hospital insurance. In 1958 he was elected President of the Associated Life Insurance Company, 222 North Michigan Avenue, Chicago, Illinois. In 1966 he was alleged to have an investment of \$50,000 in Caesar's Palace, Las Vegas, Nevada, which included 100 shares of Class A stock giving him .7143 percent of this stock and an effective percentage of 1.2047 in the operating corporation.

John Varelli

John Varelli was an insurance salesman of the Bass-Lonero Associates, Inc., an agency of the Associated Life Insurance Company. He was once honored as "Man of the Month." In 1963 Varelli was also listed as the President and General Broker for the Granite Insurance Agency Limited, 5341 North Avenue, Chicago, Illinois. In 1966 Varelli was convicted for an FHA fraud in connection with the Newport Construction Company and in August, 1967, he was sentenced to 10 years after a conviction for theft from interstate shipment.

Committee to Preserve American Freedom

The Committee to Preserve American Freedom announced its formation on January 24, 1967, at a press conference at the Detroit Press Club. The Club lists as members people who are civic, labor, religious, political and government officials from across the State of Michigan. Its announced purpose was to combat encroachment on individuals' rights particularly by government agencies. Officials of the Committee to Preserve American Freedom declared that the jury tampering conviction of Teamster President James R. Hoffa was an example of such encroachment.

The principal officers of the Committee are:

Co-Chairmen: Mort Furay, President Local 705, Hotel, Motel and Restaurant Employees, Detroit; and Charles Edgecomb, former auditor, Wayne County, Michigan.

Vice Chairman: Ernest Mazey, Executive Director of the Michigan branch, American Civil Liberties Union.

Treasurer: Myra K. Wolfgang, International Vice President,  
Hotel and Restaurant Employees and Bartenders International Union.

Secretary: Dr. Florence G. Cassidy of the Teacher's Union.

I received a call at 9:35 a.m. today from Mr. Benjamin R. Fern, Chief Counsel, Senate Committee on Standards and Conduct. He stated that Senator Stennis had suggested he might drop by and make my acquaintance so that in the future, when this committee needed to touch base with the FBI, he could feel free to call me.

I told Mr. Fern that I would, of course, be glad to shake hands with him at any time. He stated that actually, to be truthful, the meeting between us would be more than just a social call, inasmuch as he desired to ask me several questions concerning Senator Long.

I told Mr. Fern that FBI representatives, by precedent, did not testify before Congressional committees, and that I could only refer him to the Department of Justice. I stated also that I had already discussed any previous contacts with Senator Long with the Chairman of his committee, Senator Stennis. I stated he should contact Senator Stennis if he needed the results of these conversations. (Two contacts have been made with Senator Stennis, both of which have been made a matter of record in Bufiles.)

Mr. Fern stated that he understood my position and that there appeared to be no need of getting together at this time.

Mr. Fred M. Vinson, Jr.

Note: By memorandum received 2/21/68, Assistant Attorney General Vinson requested a check be made of our files for any information concerning Teamsters Pension Fund loans to Nevada interests since 8/30/63. This request appears to relate to the Senate Ethics Committee inquiry into the financial affairs of Senator Edward V. Long (D - MO, who headed the subcommittee investigating the use of electronic eavesdropping devices by Federal agencies). The Senate Ethics Committee, through the Department, previously asked for information in Bureau files reflecting on the use by Long of his Senate Office to show favoritism to James Riddle Hoffa.

Bureau files have been checked so far as possible, and the results are set forth in this communication to Vinson. We are identifying prior communications sent the Department in which the additional information is located to facilitate the Criminal Division's review of this material. Herman Greenspun, mentioned in Vinson's memorandum is the President and Publisher of the "Las Vegas Sun." He has an unsavory background and has been critical of the Bureau on several instances in the past. On 10/9/65 and 2/1/66, articles appeared in the "Las Vegas Sun" favorable to the inquiry being conducted by Senator Long and his subcommittee. Since 1956, Greenspun has obtained Teamsters Pension Fund loans totaling \$475,000.

2/23/68

GENERAL INVESTIGATIVE DIVISION

The attached appears to relate to the Senate Ethics Committee inquiry into the financial affairs of Senator Edward V. Long (D - MO, who headed the subcommittee investigating the use of electronic eavesdropping devices by Federal agencies). This committee previously, through the Department, asked for information reflecting upon the ethical behavior of Long insofar as his association with La Cosa Nostra figures and usage of his Senate office to show favoritism to James Riddle Hoffa. We have conducted investigation with respect to several of the loans identified in the attached, results of which were furnished to the Department. With respect to other loans to Nevada interests since 8/30/63, our files are not maintained in such a manner to identify such in absence of more specific information and Vinson will be so advised.

We are checking our files with respect to the ten loans identified for any information not previously given the Department. Upon completion of this check, an appropriate communication will be directed to Vinson.

Pages H2510-H2545. The House adopted H. Res. 1099, to amend H. Res. 418, 90th Congress, to continue the Committee on Standards of Official Conduct as a permanent standing committee of the House of Representatives. During the discussion, Congressman Eyal, (R) Iowa, pointed out that "For about a year investigation has been underway checking into an illegal, well-organized activity here on 'the Hill,' one which involves the numbers racket, sports pools, and similar gambling. . . . Investigation has been extensive. . . . I am personally satisfied that no Member of this body and no official of this body is involved. . . . These people are employees of the House. . . . I hope that under this act the Ethics Committee can make available to itself trained investigators who can look into such matters. At the present time, if we are to get a trained investigator from the Federal Bureau of Investigation or the Metropolitan Police Department, we must do so through an arrangement with the Capitol Police Board or the investigation is not to proceed. When we get investigators of this kind, they are marked almost immediately by the practitioners of the trade."

Chairman Jack Flynt, Committee on Standards and Conduct, has requested the Attorney General to approve assigning Agent personnel on a reimbursable basis to his Committee to investigate the circumstances surrounding Daniel Schorr's obtaining the Pike Committee report.

The Attorney General contacted Mr. Kelley in this regard on 2/19/76 and Mr. Kelley advised him that the FBI would do so should the Attorney General approve.

[REDACTED] advised me this afternoon that the Attorney General advised an assistant of Congressman Flynt that the FBI would make Agent personnel available on a reimbursable basis providing the Chairman submitted a written request to the Attorney General.

Mr. [REDACTED] also advised that the Attorney General has prepared a letter to Mr. Kelley authorizing the FBI to make personnel available. I advised him that Mr. Callahan had received a call from Congressman Flynt and Mr. [REDACTED] asked that we remind him to submit the requested letter. In the meantime, Mr. [REDACTED] has determined that Rule XI, 6e, of the House provides that approval for detail of employees in the Executive Branch to a House Committee must be obtained from the House Committee on Administration. Mr. Callahan will remind Congressman Flynt of this. Mr. [REDACTED] also advised that in discussing this matter with Congressman Flynt, the Attorney General reminded him that the ongoing criminal investigation must be kept separate from the investigation conducted by the Committee on Standards and Conduct.

REC-65

I discussed with Mr. [REDACTED] the fact that we intended to initiate our inquiries through liaison with the agencies involved to secure preliminary information normally secured in leak matters, and he concurred that we should continue with this in the event a subject is developed in order that all preliminary work that can be completed is completed.

In memorandum of [redacted] to you dated 2-20-76 it was pointed out that Chairman Jack Flynt, Committee on Standards and Conduct, had requested the Attorney General to approve assigning agent personnel on a reimbursable basis to his Committee to investigate the circumstances surrounding the publication of the House Select Committee report. The Attorney General advised Congressman Flynt that the FBI would make agent personnel available on a reimbursable basis providing the Chairman submitted a written request to the Attorney General.

We have now received a letter from the Attorney General confirming his conversation with Congressman Flynt's Assistant and the Director has indicated, "make assignments." This letter is dated 2-20-76. Today you reminded Congressman Flynt of the necessity of submitting a letter to the Attorney General requesting FBI assistance. He indicated that this would be furnished this date (2-24-76) with a copy for the FBI. You also reminded him that approval for the detail of employees in the Executive Branch to a House Committee must be obtained from the House Committee on Administration, consistent with XI, 6e of the House and he stated this would be done. Congressman Flynt then put his assistant, [redacted] on the phone and you advised him that the reimbursable costs would be approximately \$3,000 per agent per month, plus per diem and travel expenses. You advised him that this information would be needed in requesting appropriations for this investigation.

We have initially selected two agents for this special assignment: SA [redacted] and SA Homer W. Schweppe. Their permanent briefs are attached. SA [redacted] is currently a Supervisor in the Washington Field Office who has been ordered under transfer to FBIHQ. He is [redacted] years of age, a member of the New York State Bar, married, 6 children, entered on duty 9-14-59. His services have been consistently excellent.

SA Schweppe is 57 years of age, has a Master of Arts Degree in German and is currently assigned to the Washington Field Office. He

RECOMMENDATION:

That SAs [redacted] and Homer W. Schweppe be approved for this special assignment to the Committee on Standards and Conduct. They will be instructed to report upon receipt of Congressman Flynt's letter.

ADDENDUM:TJF:pmd 2-24-76: A copy of the letter from Congressman Flynt to the Attorney General has now been received. He requests a sufficient number of Special Agents to assist this Committee in carrying out the directions of the House of Representatives for an indefinite period of time on a reimbursable basis. Congressman Flynt in his conversation with you indicated that a meeting would be held concerning this matter on Wednesday, 2-25-76, and that FBI personnel would not be needed before Thursday. It is not known exactly how many men will be needed; therefore, only 2 are being selected at this time; however, additional files will be reviewed in the event additional personnel is needed.

I have told Congressman Flynt's assistant that we would favorably respond to a request for the assignment of FBI agents on a reimbursable basis for the purpose of the Committee on Standards of Official Conduct in their investigation of the circumstances of the publication of the House Select Committee report. I have also indicated that I believe it imperative that the assigned agents not be the agents working on the criminal investigation we are conducting.

## House Ethics Committee

# Hearings Slated on CIA Data Leak

By Richard L. Lyons  
 Washington Post Staff Writer

After its staff questioned more than 400 persons in a vain attempt to find out who leaked the secret House CIA report last winter, the House ethics committee decided yesterday to hold hearings starting July 19 to see if it can learn any more.

Some committee members reportedly favored reporting to the House that they were unable to determine how the report of the House intelligence committee had been leaked to CBS correspondent Daniel Schorr and printed in *The Village Voice*, a New York weekly.

But since the House had directed the committee to make the inquiry, the committee decided to make a final try with hearings by the 12-member committee. All

the preliminary investigation has been done by special counsel and a team of retired FBI agents.

Committee Chairman John J. Flynt (D-Ga.) said that "to the best of my recollection no one has volunteered information" on who leaked the report. But he added that "we have some pretty clear-cut information on how it may have been done."

Flynt would not say who will be called as witnesses to testify under oath. Should the committee call Schorr and he refuses to tell who gave him the report, the committee could become involved in a sticky contempt-of-Congress versus First Amendment freedom-of-the-press situation. The committee expects to call "less than 50 witnesses,"

Flynt said. Some of the hearings may be open, he said.

The investigation has gone on for three months at a cost of \$150,000.

Flynt also announced that the committee has retained Robert X. Perry, of the Washington law firm of Corcoran, Youngman and Rowe, as special counsel for its investigation of the sex-payroll scandal involving Rep. Wayne L. Hays (D-Ohio). That investigation will look into the charge of Elizabeth Ray that Hays kept her on

the public payroll at \$14,000 a year to be his mistress.

Perry has served as an assistant district attorney in New York City, as an assistant U.S. attorney here, and as an assistant counsel to the Senate Antitrust and Monopoly Subcommittee. He also helped in the defense of the late Sen. Thomas J. Dodd (D-Conn.) before the Senate ethics committee, which resulted in censure of Dodd by the Senate in 1967 for putting public funds to private use.

He was advised that we are immediately sending a letter back to them outlining the main titles of reports which contain the names of the individuals in which he is interested so they can find the material which he desires and submit a letter to him. He advised he thought he would write another letter to Vinson again requesting the information in question and insisting that Vinson handle this matter expeditiously.

We have received another letter from Vinson today setting forth a summary of all pertinent information which they have been able to locate in their files which was contained in FBI reports on the names submitted by Senator Stennis. Vinson advises that this summary will be furnished the Senate Committee as now set forth if it meets with our approval and if there is no additional information available to the Bureau which should be added.
